

By clicking NEXT when using Online Banking Stop Payment, you are agreeing to the following Hicksville Bank terms and conditions of the Stop Payment agreement:

Stop payment orders can not be placed on any check/item that has already been paid. As the account holder, you are responsible for checking to see if the check/item was already paid.

In order to be effective, a stop payment order must be received in time to give us a reasonable opportunity to act on it, and should precisely identify the number, the amount of the item, and identify the payee.

Online Banking Stop Payment Orders are effective for 6 months after date accepted and will automatically expire after that period unless renewed.

A fee will be imposed for each Stop Payment order and will be deducted from your Checking account. You may contact us at (419) 542-7726 to get the current fee amount.
